*N.B. Due to the hand crafted Bespoke nature of the Nuex Decorative Glass Collection, variations in colour may occur now and again. Slight imperfections with the finished product might appear, however as with traditional stained glass, these are considered to be part of the product, and deemed as normal.*

*Because of the nature of the printing process, colours in this catalogue may be different from those in the finished design.*

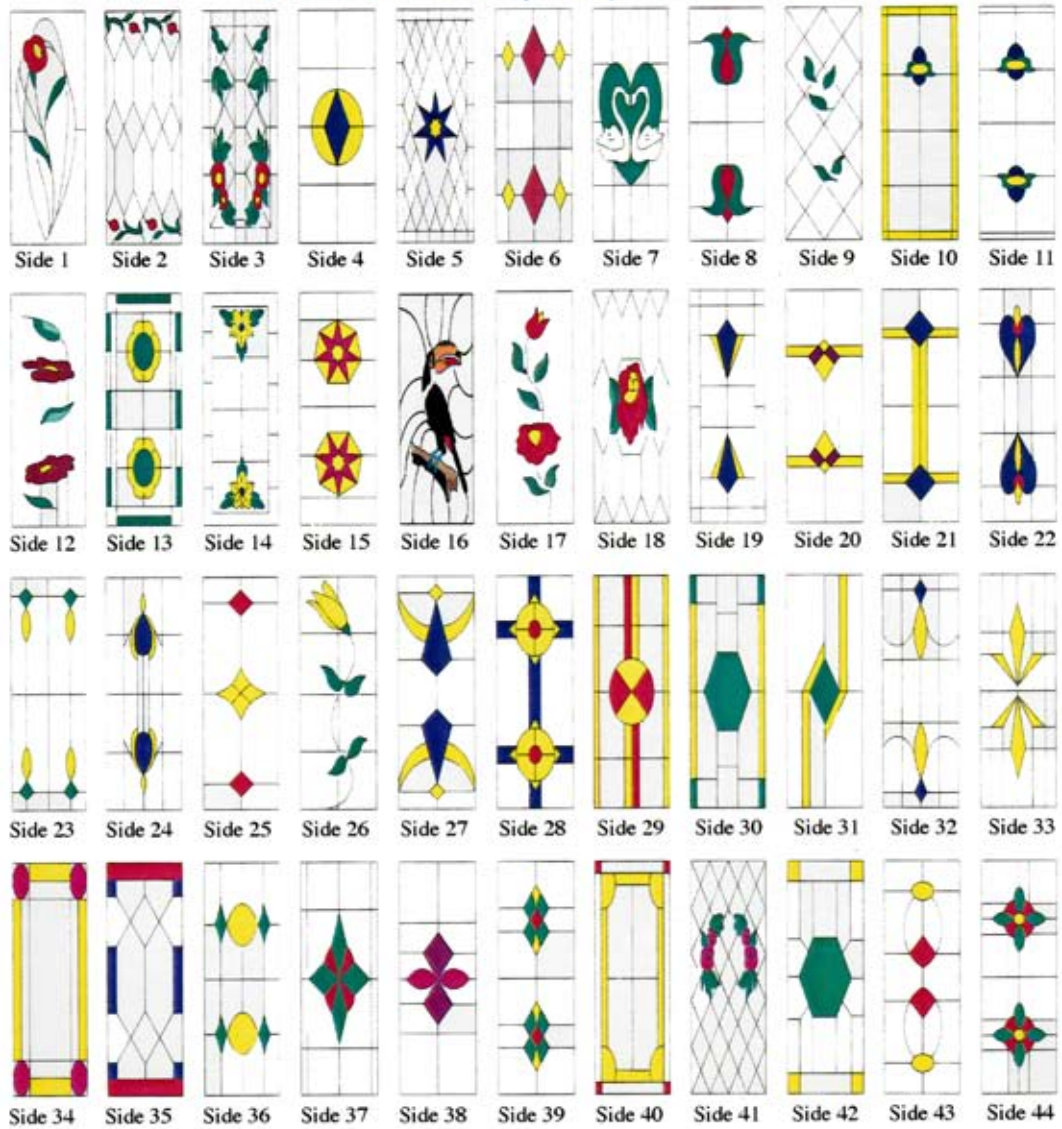

# 18 Nuex Fanlight Patterns

All units up to 0.30 m<sup>2</sup>.
