CHOOSE CLASSIC WELD OR OUR TRADITIONAL TIMELESS DETAIL

Unlike other flush systems, the Timeless FlushSash is available in two jointing options, Classic Welded joints and Timeless Detail, our Traditional Mechanical Joints.

The **Timeless Detail Mechanical Joint** is a traditional style mitred butt joint that is sealed in place, replicating a timber joint with meticulous detail.

Classic Welds give a contemporary and modern twist to this heritage style. The corners are precision welded so that the joint is seamless.

Aluminium window systems are low maintenance

Once fitted, the only maintenance aluminium window systems require is an occasional clean with a damp cloth. They will not rot, rust, or ever need repainting. Fitting a bespoke aluminium window system will not only keep your house looking good, it will keep repair work to an absolute minimum. Simply install them, then sit back and enjoy your home and garden without any further fuss.

SECURITY

A state-of-the-art multi-point locking system combined with an anti-lift design make these sliding doors some of the most secure on the market.

INSULATION

Our exclusively designed polyamide thermal break system and multi-chambered profile enables us to achieve industry-leading thermal performance in all our aluminium windows and doors. Combine this with high performance glazing and our sliding patio doors will help keep your house cosy and warm.

SAFETY

Class one safety glass (that complies with Building Regulations part K) is fitted as standard to all our doors, which means that if it breaks there are no dangerous shards of glass to worry about.

WEATHER PROOFING

A combination of multiple weather gaskets, brush strips and draught resistant interlocks between the door panels all help to keep out cold draughts. What is more, the closed door leaves slide around the frame on both sides for a really tight seal.

NOISE REDUCTION

Clever use of different materials in the frame combine with a range of architectural glazing options to provide some impressive noise reduction figures.

Skypod

A bright addition to your home

Imagine creating a stylish new living space that's flooded with natural light. Imagine an inspiring contemporary design feature that will not only enhance your lifestyle but add value to your home too. Some would call it the 'wow' factor. We call it Skypod.

When it comes to design, Skypod is a breath of fresh air. Without any crestings or finials on the roof, you get clean lines and lots of natural light. It also increases the height of your room too. There's plenty of ways you can customise your ceiling windows to fit the look and feel you want for your home. You can choose between two bar or three bar gable pitched styles, plus a range of external frame colours. You can also choose clear, blue, bronze or neutral double-glazed glass.

Why choose Skypod

- ✓ Designed for superior performance
- ✓ A choice of frame and glass colours
- ✓ Cheaper than aluminium alternatives
- ✓ 10-year guarantee
- ✓ U-values as low as 1.0
- ✓ Self-cleaning, temperature controlled glass included as standard
- ✓ 20° or 35° fixed pitch

The perfect view from your home.

The Timber Alternative window system is designed to replicate 19th Century timber windows, but fuses traditional aesthetics with modern materials to create a window that is both elegant and energy efficient.

The perfectly flush exterior recreates a true timber alternative aesthetic, whilst the interior is stylishly decorative, creating a classic home feel. The modern material is virtually maintenance free; no painting or staining required. Cleaning your windows needs minimum effort meaning they look newer for longer, leaving you time to do more of the things you love.

Superb performance Lower energy bills

Our Timber Alternative windows outperform many other window systems due to the combination of sophisticated design, innovation and technological advancements.

You can choose from highly efficient double or triple glazed units, attaining U-values of 0.8 with triple glazing, PassivHaus Standard, and 1.2 with double glazing, far surpassing the British Building Regulation requirements. All of this contributes to lower energy bills, keeping you cosy in the winter and cool in the summer.

Timber Alternative windows are designed to suit properties from old to new and you can create them entirely to your own taste or to suit your property.

We offer a huge variety of colours, hardware options, and features such as Georgian Bar and butt hinges, that will make your Residence 9 windows completely unique and add a touch of elegance to your home.

- ✓ Ideal for use in cottages, town houses and period properties
- ✓ Accommodates 28mm double or 48mm triple glazing
- ✓ Every window can be customised including style colour and hardware
- ✓ Mechanical joints for a truly authentic looking window
- ✓ Traditional range of colours and wood effect finishes
